## HE LOVES OREGON

W. P. TEMPLE RETURNS  
FROM MONTH IN THE EAST.

Saw Wheat That Threshed But 3 to 10 Bushels and Tested But 40 to 50 Pounds, in Kansas—People Have Never Heard of Lewis and Clark Fair—Few Improvements Made in Country Districts in 10 Years—Blizzard on October 20—Nebraskans Burn "Buffalo Chips."

A month in the east convinced W. P. Temple that he would not exchange Umatilla county for a whole state in the corn belt, as a home.

Mr. Temple, accompanied by his wife and daughter and sister, Mrs. Etta Simmons, of Lane county, spent nearly a month in the states of Iowa, Nebraska, Illinois and at St. Louis. He returns home well pleased to face the few disadvantages of the West, in preference to the many disadvantages and drawbacks of the Central states. After visiting and becoming familiar with the conditions of the common people, who own small homes and who have been in debt for years, he is not surprised that so many of them are rushing to the West.

### Kansas Wheat Very Poor.

Mr. Temple states that he saw wheat threshed in Northern Kansas that made from but three to 10 bushels per acre and tested from 40 to 50 pounds per bushel. Corn crops this season are very good, although the cold spring hindered seeding and some of it will not fill properly. Cattle are very cheap, cows selling in many places at from \$15 to \$16 per head. Calves are worth from \$6 to \$8, and heavy horses in the Chicago market are about the same price as in Pendleton. Mule colts are worth \$50 each and yearling mules are selling at \$80. Very few Western horses are seen in the markets of the Central states.

### Never Heard of Lewis and Clark.

"I met intelligent men, of the best business ability and standing, everywhere," said Mr. Temple, "who had never heard of the Lewis and Clark fair. After I told them something of it and explained the scope of the fair and its meaning to the Northwest, they promised me that if rates were reduced, they would visit Oregon next year. I was dumbfounded to think that men of more than average intelligence, and men who average up well with farmers and business men in any community in the United States, should have never heard of our exposition after the large amount of publicity that had been given it, through the press and through personal correspondence.

### People Lack Energy.

"The people seem to be at a standstill," said Mr. Temple. "There is very little push and vigor among them. The terribly hot climate seems to stultify them; in a measure, and they have not half the energy that people have in this country.

"I know men in Southern Iowa, who have resided on the same little narrow tract of land for 15 to 25 years, and are just now getting out of debt. If they make \$100 or \$150 per year clear of expenses they are doing well. In the school district where I attended school 25 years ago, the same old house is standing without paint, and with the same old seats in it, that I sat upon, and whitened a quarter of a century ago. That school house was built in 1848, and has been constantly used since then, with very little repair.

"There is little change in the personnel of the settlements. Children grow up and buy a tract of land in one corner of the old home place and raise their families there, under the shadow of the same roof that has sheltered two, three or four generations.

### Burn "Buffalo Chips."

"Where I visited in Western Nebraska, they are still burning 'Buffalo chips,' as the same Rock Springs coal that we get here for \$7 per ton costs them \$8 there. There is no fuel competition there. Boys have grown to manhood in Western Nebraska, who never saw a pile of cord wood.

"The worst blizzard I ever saw occurred in Western Nebraska, on October 20. The snow fell, the wind blew a gale and it was one of the worst days I ever experienced. Cattle drifted out of pastures and run before the storm for 20 miles in a night.

### Need Oregon Literature.

"The most urgent need of that overcrowded country is some wholesome literature about Oregon, to open the eyes of the younger generation and get them to thinking of getting out of the old rut. Very few of them are satisfied with their lot. They take conditions as a sort of unavoidable and necessary burden and don't worry.

"In the 10 years since I made my last visit to Iowa, there have been but few changes. In one neighborhood that I visited, but one new house and one new barn, had been built in a distance of 10 miles. The little towns are settling up with the older farmers who are out of active service."

### Will Fight Horse Thieves.

Logansport, Ind., Nov. 3.—Delegates from Ohio, Indiana, Michigan and Illinois are attending the annual convention of the National Horse-thief Detective association, which began a two-days' session here today. Plans will be discussed for more vigilant work, and co-operation with the officers of the states comprising the association for the breaking up of the bands of thieves which carry on systematic operations and for the more effectual prosecution of the offenders.

### W. C. T. U. Convention.

Hattiesburg, Miss., Nov. 3.—The annual state convention of the Women's Christian Temperance Union opens here tomorrow, and the advance guard of delegates and visitors is already putting an appearance. The sessions of the convention, which are to continue three days, will be held in the Main Street Methodist church. The speakers will include several of the most talented women of the South and North, among them Mary Juvett Tilford of Tennessee, Miss Mary Russell of Mississippi, and Mrs. Callie H. Howe of Missouri.

### Doesn't Respect Old Age.

It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, jaundice, fever, constipation all yield to this perfect pill. 25c at Tallman & Co.'s drug store.

### Golden Rule Store.

By mistake of the factory the Golden Rule Store has about three times as many golf gloves as were ordered. Rather than return them, it has been decided by a big reduction in price to close them out. You ought to see the 50c values they are offering for 25c, and the 75c values which go for 45c.

Up to October 1, the World's Fair had taken in \$22,673,721 and disbursed \$21,832,448.

## WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I had 'got 'em'—yes—a bigging, squirming mass left me. Judge our doctor's surprise when I showed him my letter and in another day the remainder about the same length of a tape-worm that had been angling my vitality for years. I have enjoyed the best of health ever since. I trust this testimonial will appeal to other sufferers." Chas. Blackstone, 138 Third City Place, West Philadelphia, Pa.

### CASHIER GOES WRONG.

Spokane Railroad Cashier Said to Be Crooked.

Spokane, Nov. 3.—According to statements made today Herbert C. Switzer, former cashier of the O. R. & N. freight office in Spokane, will not be prosecuted for the alleged theft of \$4575. It is declared that money has been secured with which to make good the shortage.

Switzer was arrested October 17 on a warrant charging him with having embezzled money from the railroad company, the peculations extending over a period of four years. It was stated at the time that Switzer lost most of the money playing the slot machines.

Switzer was arraigned the next day before Judge Kenning and pleaded not guilty to the charge. No date for his trial was set.

Switzer turned over his home, valued at \$2000, but this did not keep the railroad company from ordering his arrest. It was given out today though that through the efforts of his

wife and her family sufficient money had been raised to pay off the amount embezzled and that the railroad company and bonding company had agreed to dismiss the proceedings through the prosecuting attorney's office.

### DISCRIMINATING LADIES.

Enjoy Using Herpelide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpelide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpelide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpelide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 3c. in stamps for sample to The Herpelide Co., Detroit, Mich.
